2.

Message from the CEO of AURORA VALLEY Vietnam

Welcome to AURORA VALLEY, where the finest Vietnamese agricultural heritage meets local dedication and heart, integrated with smart technology to create an organic, clean value chain for chili and agricultural products serving global markets.

Driven by an in-depth scientific research foundation and a steadfast commitment to "Clean, Transparent, and Sustainable," every product is the outcome of organic cultivation, strict pesticide residue control, and fully transparent growing region data.

Our "Clean Chili 2027–2030" project focuses on developing key raw material regions, spanning over 410 hectares across Binh Thuan, Binh Dinh, Quang Ngai, Lang Son, and other strategic locations.

This serves as a solid foundation for AURORA VALLEY to proactively supply clean, high-quality, fresh and processed chili raw materials (IQF frozen, salted, powder, dried, and sauces) that meet the most stringent international standards, including HACCP, ISO, GMP, BRC, FDA, GlobalGAP.

We cordially invite you to partner with AURORA VALLEY. We stand ready to support your business and provide quality dossiers along with Certificates of Analysis (CoA) tailored to the specific requirements of each target market.

Sincerely,

Trần Thế Ngọc

Co-Founder, CEO | AURORA VALLEY Co., Ltd.

3.

VISION

To become Vietnam’s leading high-tech agricultural enterprise, pioneering the delivery of international-standard chili and clean agricultural products to the global market. We are committed to building a transparent value chain from farm to table, elevating the standing of Vietnamese agricultural brands on the world map.

MISSION

01 | Environment

Practice sustainable cultivation, restore soil health, protect water resources, and preserve ecosystems.

02 | B2B Partners

Provide a clean, stable, standardized, and optimized supply of chili raw materials meeting international standards.

03 | Community

Elevate local agricultural products and develop sustainable livelihoods for Vietnamese farmers.

**Healthy Land,
Pure Life,
for Vietnam
and the World.**

4.

SCIENTIFIC FOUNDATION & REGENERATIVE FARMING TECHNOLOGY

Aurora Valley builds its core competitive advantage upon scientific knowledge and a deep understanding of soil mechanics prior to scaling commercial production.

---

6 Years of Dedicated Research

Selecting disease-resistant, high-yield chili varieties and optimizing pest management through biological solutions.

3 Years of In-Depth Assessment

Comprehensively evaluating geology, soil characteristics, water sources, and microclimates across key cultivation regions.

AURORA VALLEY

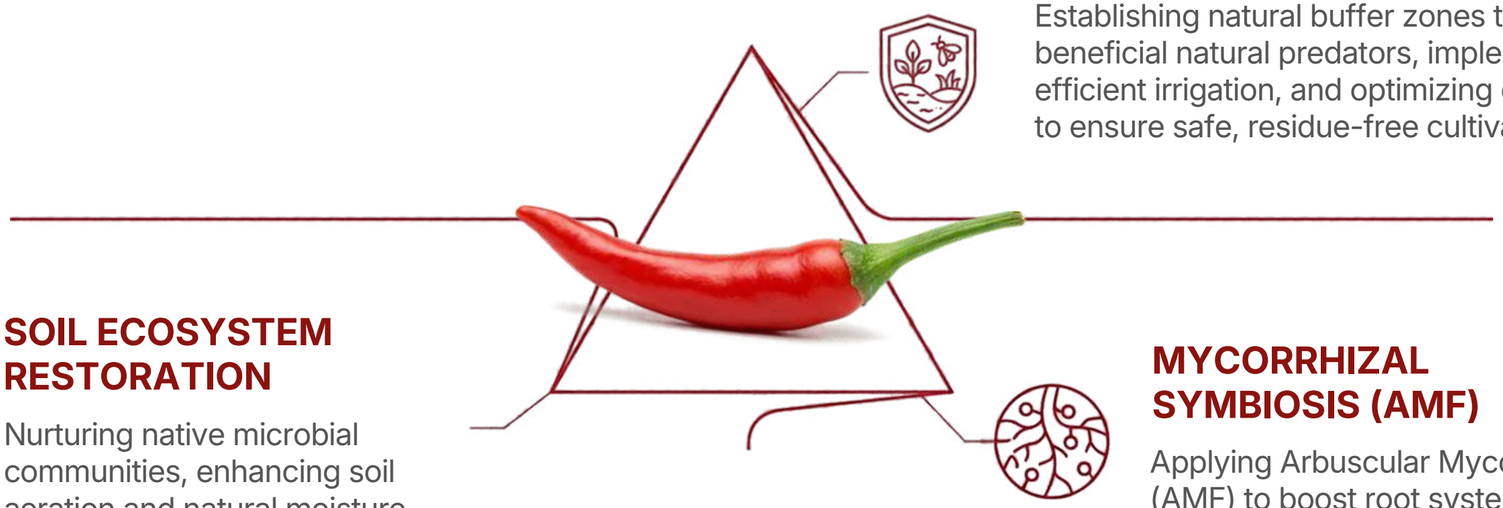

HEALTHY LAND · PURE LIFE

ĐẤT LÀNH TRỒNG SẠCH · SỐNG XANH AN LÀNH

SUSTAINABLE FARMING TRIANGLE (ECO-AGRI PILLARS)

BIOLOGICAL BUFFER ZONE

Establishing natural buffer zones to attract beneficial natural predators, implementing water-efficient irrigation, and optimizing crop calendars to ensure safe, residue-free cultivation.

SOIL ECOSYSTEM RESTORATION

Nurturing native microbial communities, enhancing soil aeration and natural moisture retention, while minimizing chemical fertilizer usage.

MYCORRHIZAL SYMBIOSIS (AMF)

Applying Arbuscular Mycorrhizal Fungi (AMF) to boost root system development, proactively resisting nematodes and soil-borne pathogens.

AURORA VALLEY

HEALTHY LAND · PURE LIFE

ĐẤT LÀNH TRỒNG SẠCH · SỐNG XANH AN LÀNH

DIGITAL TRANSFORMATION & AI FARM MANAGEMENT

ORIGIN TRANSPARENCY

Integrating growing-zone data onto international agricultural trading platforms to ensure clear and reliable traceability.

REAL-TIME AI OPTIMIZATION

Applying AI models to analyze real-time soil, weather, and pest data for each farm, ensuring consistent end-product quality.

PREMIUM ORGANIC CULTIVATION

Establishing premium organic standards to overcome strict technical barriers.

AURORA VALLEY

HEALTHY LAND · PURE LIFE

ĐẤT LÀNH TRỒNG SẠCH · SỐNG XANH AN LÀNH

5.

CULTIVATION SCALE & B2B SUPPLY CAPACITY

Aurora Valley plans a 410-hectare cultivation region spanning strategic geographical locations.

- **Fully Integrated Cultivation:** Closed-loop supply chain without intermediaries.
- **End-to-End Standardization:** From variety selection and crop management to preliminary processing.
- **Flexible Customization:** OEM / ODM / Private Label solutions.
- **Comprehensive Regulatory Compliance:** Complete support for COA, MRLs, and Phytosanitary certification per target market requirements.

Lộc Bình, Lạng Sơn (80 ha)

High-altitude subtropical climate, diverse varieties, year-round supply.

Mộ Đức, Quảng Ngãi (100 ha)

Fertile alluvial soil, core infrastructure supporting deep processing chains.

An Nhơn, Bình Định (100 ha)

Hub for VietGAP and Premium Organic practices.

Bình Thuận (130 ha)

High sunlight intensity, optimal soil conditions for rich flavor and natural color.

6.

KEY PRODUCT PORTFOLIO

Flexible Supply via OEM / ODM / Private Label Solutions (Packed in 3 kg or 5 kg cartons, or customized to B2B specifications)

EXPORT-GRADE FRESH CHILI

- *Varieties: Bird's eye chili, Buffalo horn chili, Skyward chili, and region-specific specialty varieties.*
- *Specifications: Stem-on or Stem-off (Cap-on / Cap-off).*

DEEP-PROCESSED CHILI PRODUCTS

- *IQF Frozen Chili: Cap-off / Cap-on IQF Chili*
- *Brined Chili: Brined / Pickled Chili*
- *Pure Chili Powder: Pure Chili Powder*
- *Dried Chil*
- *Chili Sauce Base: Industrial Chili Sauce Base*

INTERNATIONAL PUNGENCY & CAPSAICIN STANDARDS

Strictly controlling Capsaicin concentration and pungency levels according to the Scoville Heat Unit (SHU) scale for each product line.

CAPSAICIN CONTENT TESTING

Measuring and providing detailed Certificates of Analysis (COA) for natural capsaicin concentration, the key factor determining flavor profile and specialized quality for international food, sauce, and spice processing plants.

PRESERVING NATURAL FLAVOR

A closed-loop harvesting, drying, and processing technology preserves maximum signature aroma, natural color, and inherent nutritional content across all Vietnamese chili varieties.

STANDARDIZED PUNGENCY SCALE

Clear classification ranging from mild to bold and extra-spicy profiles, guaranteeing absolute consistency across every export batch.

PUNGENCY LEVEL	SCOVILLE (SHU)
MILD	1,000 - 5,000 SHU
MEDIUM	5,000 - 30,000 SHU
HOT	30,000 - 100,000 SHU
EXTRA HOT	100,000 - 225,000 SHU

7.

PRIMARY PROCESSING VALUE CHAIN & COLD CHAIN LOGISTICS

5-Step Standardized Processing Workflow

1

Ozone Bubbling Wash

Deep cleaning to eliminate surface impurities and microorganisms.

2

Automated Optical Sorting

Absolute precision sorting by size, weight, and color profile.

3

Metal Detection

Automated foreign body control ensuring absolute safety.

4

Ionizing Radiation Treatment

Export-grade quarantine treatment complying with the strictest phytosanitary regulations.

5

Cold Storage Facilities

Immediate standardized cold storage to preserve original freshness intact.

AURORA VALLEY

HEALTHY LAND · PURE LIFE

ĐẤT LÀNH TRỒNG SẠCH · SỐNG XANH AN LÀNH

GLOBAL LOGISTICS CAPACITY

TRANSPORT & COLD CHAIN

Closed-loop cold chain via Reefer Containers and Air Freight.

DELIVERY TERMS

Flexible Incoterms including FOB, CIF, and CFR.

COMPLIANCE DOCUMENTATION

Phytosanitary Certificate, COA,
and MRLs/PLS Reports verified by SGS.

INTERNATIONAL CERTIFICATIONS

FOOD SAFETY STANDARDS

ISO 22000, HACCP, GMP, BRC, FDA

AGRICULTURAL & SOCIAL GOVERNANCE

GlobalGAP, Organic

SPECIALIZED EXPORT CREDENTIALS

Halal, SMETA/SMETA, GACC Growing Area Codes....

FROM VIETNAM AND SOUTH KOREA TO THE WORLD

SOUTH KOREA – Our primary strategic partner, consistently trusting AURORA VALLEY's high-quality fresh and processed chili supply to directly serve supply chains and domestic consumption across South Korea.

B2B INDUSTRIAL FOOD PROCESSORS

Supplying ingredients for sauce and processed spice manufacturers with strict requirements for SHU standards, COA, and MRL compliance.

PRIVATE LABEL / RETAIL OEM

Partnering in private-label packaging for organic retail food chains.

B2B PHARMACEUTICAL & HEALTHCARE

Providing high-standard capsaicin extracts to pharmaceutical and healthcare facilities for medicine, dietary supplements, and health support products.

9. STRATEGIC GROWTH ROADMAP 2027–2030

2027 | FOUNDATION

Finalizing variety selection, soil mapping, and biological protocol standardization (Bình Định)

2028 | EXPANSION

Initiating large-scale commercial production; expanding VietGAP and Organic standards (An Nhơn)

2029 | DEEP PROCESSING

Expanding cultivation area by 200 ha; commissioning deep-processing facilities (Bình Định & Quảng Ngãi)

2030 | GLOBAL SCALING

Completing full-scale 410 ha development; solidifying the position of Vietnamese chili on the global market map.

AURORA VALLEY

PURE AGRICULTURAL ECOSYSTEM

Committed to sustainable agriculture, Aurora Valley uses organic crop rotation to keep the soil rich and fertile. From this healthy earth, we craft a complete ecosystem of products:
HEALTHY LAND · PURE LIFE

PURE CHILI (ỚT SẠCH)

PURE PINEAPPLE (DỨA SẠCH)

PURE TOMATO (CÀ CHUA SẠCH)

PURE ASPARAGUS (MĂNG TÂY SẠCH)

PURE CARROT (CÀ RỐT SẠCH)

PURE COFFEE (CÀ PHÊ SẠCH)

PURE PEPPER (TIÊU SẠCH)

PURE GINGER (GỪNG SẠCH)

PARTNERSHIP & SUSTAINABLE DEVELOPMENT

Aurora Valley cordially invites global partners, distributors, food conglomerates, cosmetic enterprises, and pharmaceutical corporations to join us in building a clean, transparent, and internationally standardized agricultural value chain. We commit to long-term partnership backed by absolute quality stability, large-scale supply capacity, and compliance with the most stringent global certifications.
